SCOPE AND CONTENT NOTE

This collection consists of printed material that was collected for reference purposes by the staff of the Office of Defense Mobilization (ODM) and the Office of Civil and Defense Mobilization (OCDM). The material was inherited by the Office of Emergency Preparedness (OEP), a successor agency to ODM and OCDM. After the OEP was abolished in 1973 the material was turned over to the National Archives and was then sent to the Eisenhower Library.

The printed material consists mostly of press releases and public reports that were issued by the White House during the Eisenhower administration. These items are arranged in chronological order by date of release. Additional sets of the press releases are in the Kevin McCann records and in the records of the White House Office, Office of the Press Secretary. Copies of the reports are also in the White House Central Files. The collection also contained several books, periodicals and Congressional committee prints. These items have been transferred to the Eisenhower Library book collection.
