APPOINTMENT BOOKS SERIES

SCOPE AND CONTENT NOTE

The Appointment Books Series of the Papers of Fred A. Seaton consists of bound yearly appointment books with handwritten notations showing Seaton's daily appointments from 1953 through 1960. Occasionally some additional information is noted, such as birthdays and vacations, but as a rule only names are shown.

In addition, the appointment books for the years 1953 through 1956 contained telephone call notes which were stapled to the daily pages. For better preservation, these have been removed and filed in a separate subseries following the appointment books. Most of the notes include only the name of the person calling or being called, although in some cases detailed messages are recorded.
