

SEATON, FRED A.: Papers
Chronological File Series

SCOPE AND CONTENT NOTE

The Chronological File Series of the Fred Seaton Papers consists almost entirely of carbon copies (“flimsies”) of Seaton’s outgoing correspondence from 1953 to 1960, arranged chronologically. Although there is some official correspondence on substantive issues, most of the letters are of a routine nature: congratulatory or condolence letters to people in the Eisenhower administration or Nebraska friends of the Seatons; travel arrangements and thank you notes; routine political matters. There is scattered correspondence dealing with Seaton’s radio and newspaper business interests. Most of the letters in this file are duplicated in other series of the Seaton papers.
